INTERSHIPS

React JS

Celebal Technologies

05/2023 - 07/2023 Remote

- Skilled in React technology with hands-on experience in implementing APIs.
- Created a weather application using React, where I learned and applied various concepts effectively. This experience helped me understand how to build user-friendly interfaces and gain practical knowledge in application development.

Web Development

Coincent, WorInWell

09/2022 - 11/2022 Remote

- Learned many front end technologies like HTML, CSS, and JavaScript in this internship, including how to use these technologies to create interactive and responsive web pages.
- Built a responsive job portal website using HTML, CSS, JavaScript, MySQL, and PHP. The website allows users to search for jobs, apply for jobs, and view job listings.

SKILLS

JAVA c DSA OOPS SQL OS LINUX HTML CSS JAVASCRIPT REACT GITHUB

PROBLEM SOLVING

PROJECTS

NewsApp

- Newsapp is a React-based web application that provides users with the latest news from various categories. Stay informed with up-to-date articles on topics such as business, entertainment, science, sports, technology, and more.

Job Portal

- I built a job portal using HTML, CSS, MySQL, and PHP. The project has a user-friendly interface and uses MySQL for storing data. PHP is used to connect the front end and back end of the project and to provide functionality such as user authentication and job searching.
